Love is sometimes a hard taskmaster. He drives women to tasks beyond their strength and lays heavy burdens on their shoulders. Love of husband, love of family, forces many a woman day by day to labor for the home when aching back and throbbing head make her utterly unfit for household duties.

Weak, nervous women who suffer from headache, backache, bearing-down pains and other consequences of womanly disease, can be completely cured by the use of Doctor Pierce's Favorite Prescription. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"About two years ago I was taken sick and it seemed as if I had no nerves at all," writes Mrs. P. Woodbeck, of Delray, Mich. "Could not work an hour in the day without being tired out. I doctored first with one physician, then with another, but did not receive any benefit. One would say one thing and the next something else. I had almost given up when I wrote to you asking what to do. You advised me to take Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery.' I did so and could see a difference right away. I only took four bottles in all and felt better than I had in a long time. Can work all day now and not feel tired as I would in an hour before taking your treatment. I think it is the only medicine."

Dr. Pierce's Pleasant Pellets cure dizziness and sick headache.

During a sudden and terrible attack of croup our little girl was unconscious from strangulation, says A. L. Spafford, postmaster, Chester, Mich., and a dose of One Minute Cough Cure was administered and repeated often. It reduced the swelling and inflammation, cut the mucus and shortly the child was resting easy and speedily recovered. It cures coughs, colds, lagrippe, and all throat and lung troubles. One Minute Cough Cure lingers in the throat and chest and enables the lungs to contribute pure, health-giving oxygen to the blood. Bivins & Rhodes.
